

1. INTRODUCTION

The Latvia Populated Places are provided by Natural Earth. The data provides a spatial reference for the each of the major towns and cities in Latvia. The layer is useful for providing a reference to the distribution of the towns and cities in the country, as well as providing an overview of the population in the towns and cities.

If you have any questions relating to the information in this document, please contact Geoplan Support on +44 (0)1423 722719, or email support@geoplan.com. The Support Team is available Monday – Friday, 9.00am – 5.00pm GMT, excluding UK public holidays.
